CLAY CITY, KY., THURSDAY, DECEMBER 11, 1919.

NO. 30

The Right Plan

A \$500,000,000 road bond issue probably will be the solution of the road problem offered by the incoming Administration to the people of Kentucky.

Republican leaders appreciate the necessity for a forward step, they say, but they are hard, set against an increase in the tax rate for any purpose. The plan also contemplates an automobile license tax sufficient to pay the interest on the bonds and create a sinking fund for their retirement.

It is proposed for the General Assembly to designate a system of State highways to be built with the bond issue. This system would connect every county and be built and maintained with State funds. Counties may build to this system, instead of, as at present, trying disconnectedly to link up a multitude of unrelated little local roads into a rumbling State highway system.

The license tax probably will embody proposal of Joe S. Boggs, Commissioner of Public Roads—75 cents the horsepower in lieu of all other taxes. That is estimated to raise \$2,000,000 annually, \$400,000 of which would pay the interest and \$1,600,000 annually to go into the sinking fund. A twenty-five-horsepower machine under that arrangement would pay \$18 instead of \$6; but would escape ad valorem taxes for city, county and State purposes.

Automobilists and truck owners would receive further compensations. With a first-class system of State highways to travel over, they would be saved in repairs and tires more than the license tax, and possibly a year or more would be added to the life of a car, a saving that would pay many years' licenses.

Adoption of a system of State highways would enable the road department to cut down the mileage a third. The system, it is estimated, would embrace about 2,500 miles. With Federal aid the State would have available \$70,000,000, or \$28,000 the mile without local help. It is probable that no more than \$7,000,000 at the outside could be expended economically in a year. Only so many bonds as would be necessary to finance the year's operations would be issued at a time, thus saving interest and shortening the time for retiring the bonds.

Teachers Association to Meet

The Powell County Teachers' Association will convene in Stanton Friday, December 19. These meetings should prove of great benefit to the teachers of the county and all should attend if possible for them to do so.

G. W. Conlee Census Enumerator

Mr. G. W. Conlee has been commissioned census enumerator for the Clay City district and will be ready for work January 1, 1920.

We Kentuckians now have a new Governor and a new Lieutenant Governor. We hope to see them make good.

Old Resident Visits us Again

Mr. John W. Barnett, together with his two little daughters, Miss Mae, aged fourteen, and Lillie eleven, of Butler, Mo., spent Friday with relatives in Clay City. Mr. Barnett sold out in Missouri and started for a visit to his son, Frank Barnett, at Syracuse, N. Y. where he went last spring and purchased 90 acres of land for \$11,000 00.

Mr. Barnett and daughters left Missouri October 14, going first to Two Buttes, Colo. where he visited his brother-in-law, Wm. Curtis, and nephew, N. B. Curtis. They spent ten days there and found his relatives well and prosperous. From there they went by automobile through New Mexico and into Oklahoma where they took the train for Tulsa, Texas to visit Mr. Barnett's brother-in-law, J. Wilmott McKinney and family. Here they found their people likewise, well and prosperous. From Texas they went to Wingate, Ind. to visit Gordon, the other son of Mr. Barnett. Gordon is doing a thriving garage business, and his family is also enjoying health. From Indiana they came to Kentucky to visit old home folks. They are now on their road to Frank Barnett's at Syracuse, N. Y. where they will spend Christmas.

Smethers--Cord

Miss Fannie Belle Smethers and Mr. Esus Adair Cord, both of Lexington, were quietly married last Wednesday afternoon at the home of the officiating minister, the Rev. F. T. McIntyre. The only witnesses were Mrs. L. S. Hamilton, aunt of the bride, Misses Velma, Ardelle and Gwynell McPherson, her cousins, all of Winchester; Miss Estelle Smethers, her sister, and Mr. Wilbur Cord, brother of the bridegroom.

Mrs. Cord is the eldest daughter of Mr. and Mrs. Fred Smethers and formerly lived in Winchester for a short time. Mr. Cord is in business in Lexington, where both have a host of friends.—Lexington Leader.

Miss Shattuck Entertains

Miss Eula Shattuck entertained a few of her friends Monday evening at the Red River Hotel and a most enjoyable time was had.

Those present were: Misses Reese Shimmfessel, Ethel Duncan, Ruth Eaton and Ora Flannery; Messrs. John Eaton, Harry O'Rear, Eugene Freeman, Austin Johnson and F. W. Wolfe.

F. G. Conlee Buys More Property

F. P. Newell has sold to F. G. Conlee eight acres of land in the eastern portion of Clay City for \$800. Mr. Conlee has purchased of Clarence Hazelrigg his dwelling in the vicinity of the land for \$600. Mr. Conlee in the spring, after making a trip to Florida, will move this house on to his land and fit up a nice home.

Buying Tobacco Here

Emerson Conlee was here last week and purchased several crops of tobacco at prices ranging from forty cents down.

Fiscal Court Meets

The Powell Fiscal court held a meeting at Stanton Monday and paid off the road contractors. The contractors claimed they were not paid as much as they should have been. Attorney A. F. Byrd was there to represent the contractors. The difference was about \$1,200. Division Engineer, John S. Dawson, was there and explained that the contractors were claiming slate excavation in a cut that was part earth excavation. The difference in the price made something like \$900. Mr. Dawson also refused to allow pay for \$320 worth of concrete work which had proved defective after construction.

In the discussion it was evident that Mr. Dawson was being upheld by all citizens of the county present, many of whom by their own observation seemed to know he was correct.

Christmas

There are only fourteen more days until Christmas. "Do your shopping early" is an old-time maxim. Patronize the advertisers of The Times in selecting presents and don't forget to patronize The Times which will make the best Christmas present you can possibly send a friend, particularly so if the person to whom you send it resides in distant lands.

An Automobile Wreck

Word comes to relatives here from Memphis, Tenn., that Miss Maybelle Chaffin and brother, Charlie Chaffin, are recovering from serious injuries sustained in an automobile accident near Memphis, two weeks ago. They, together with four companions, were out in a machine and ran into by a negro who was driving a large car. All occupants were injured but are recovering.

Good Roads Meeting

There will be a good roads meeting at Stanton next Friday, December 19, in the morning. The object is to incite interest in the Kyva Highway proposed to run through this county. The Powell Fiscal Court has not asked for Federal aid yet. Not that the court is not in favor of Federal aid but it wants roads a little quicker than they fear the Government will build them.

Three Tides in Five Weeks

Within less than five weeks Red River has had three very high tides. The one the first of the week was the highest of the three. No special damage was done by the last tide as the first completed things.

Building to Be Wrecked.

A. T. Whitt sold last week to J. C. Swope, of Clark county, the two story building on the land he purchased last year from the Orphans' Home. It is the frame structure used as a boys' home. The building is being wrecked and will be moved.

Ware Now Sells Groceries

George S. Ware has put in a stock of groceries in connection with his feed and provision store. He will continue to buy produce for each at highest cash prices.

Oil Venture for Clay City

Two gentlemen from the East were here last week and closed an option on 500 acres of slate land near the mouth of Black Creek for the purpose of putting in an oil shale extracting plant. Extracting oil from shale is something new in Kentucky, but it is being done in other parts of the country. The present high price for crude oil makes the slate project very attractive. There are also a number of by-products that pay well.

Here's hoping the plant is a go and the money to be made operating it is profitable. If slate is valuable for oil, there are thousands of poor people owning little slate farms who will, sooner or later, become rich.

The price per acre agreed upon for the land is \$25, which is far more than such land usually sells for when to be used for farming purposes.

Road Work Stopped

Work on the new road to Lulburg has closed altogether, and it looks like it is stopped to stay stopped unless some differences can be adjusted. This is disappointing to the people of the county as it was hoped that this work would be finished by January 1st.

Much trouble is had in getting right-of-way finally settled, notwithstanding the right-of-way was all signed up two years ago. Every time a much-needed change is made in the plan of the road, the land owner kicks and causes trouble it seems.

There are 527 names on The Times list in arrears, who we hope will see cause to come along with the holiday rush and drop a coin into our office.

Personal Paragraphs

Wm. Eaton has returned to the oil fields.

John P. Gaylord, of Clark county, is here today.

Charles and J. L. Duncan were at home over Sunday from the oil fields.

F. W. Wolfe, of Louisville, succeeds H. H. Yount as state road inspector.

Mr. J. Luther Loving, of Lexington, visited his old friend, J. H. O'Rear Tuesday night.

Kelly and Harry Bowman and Kit Baker have gone to Curten, W. Va., where they accept employment in a large saw mill.

Mr. and Mrs. Joe Butts, of Mt. Sterling, visited Mr. and Mrs. J. H. O'Rear from Sunday until Monday at their home, the Mountain View.

Mr. and Mrs. F. G. Conlee left Tuesday evening for Florida. They will go by Navy Yards, S. C., where they will visit their son, J. H. Conlee, for a month.

Mrs. Wm. Eaton and little son, Clark Gibson, left Thursday morning to visit her father, W. R. Mahone, and sisters, Miss Mary Mahone and Mrs. Robert White, in Richmond, Ky. They will also visit relatives in Lexington before returning home.

Have You Picked and

Dried Your Seed Corn?

Corn ripened well this year and there would have been little danger of seed corn shortage if it had not been for the continuous and unprecedented rainfall during October and November. As a result of this ruin, corn has dried out practically none. In addition many ears have damaged. If severe freezing weather should occur within the next few weeks, the germinating power of damp corn would be seriously reduced if not destroyed, just as occurred in 1917-18. It will be remembered how difficult it was to find good seed that year and how the price advanced to \$10 and \$12 per bushel. Certainly no farmer will care to go through that experience again. If you have not picked out your seed corn, do it now. Hang it up in a dry place with plenty of ventilation so it will dry out quickly. Since it is now so late and zero weather is a possibility at any time, it would be an excellent plan to keep the ears in a warm room until dried out. Don't trust crib corn for seed next spring. It is always an unsafe practice and especially so when corn is cribbed as damp as it is now.

H. H. Harrison,
County Agent

Civil Service Examination

An open competitive examination for scientific assistant, for both men and women, on January 7 and 8, 1920, is announced by the United States Civil Service Commission. Vacancies in the Department of Agriculture, for duty in Washington, D. C., or in the field, will be filled from this examination. Entrance salary ranges from \$1,320 to \$1,620 a year, but persons showing in their examinations that they are unusually qualified are occasionally appointed at higher salaries, not to exceed \$1,860 a year. Applicants should apply for Form 1312, stating the title of the examination desired, to the Civil Service Commission, Washington, D. C.

Card of Thanks

We desire to thank our dear friends and neighbors for their kindness to us and our precious mother, Mrs. D. R. Rose, during her illness and death. We also thank Bro. J. T. Adams for the words of comfort he spoke to us children, beseeching us to look to a higher power.

The Children.

Teacher vs. Common Labor

In a recent issue of a school paper we observed fifty-two calls for teachers. With but one single exception the salary mentioned was not as much as the poorest uneducated common laborer gets in mills and factories in all parts of the country. There is nothing inviting in dollars and cents to acquire a higher education these days.

Hardwick & Company are advertising their Christmas goods in this issue. This firm always handles a nice line of goods for the holidays. Call and see them.

Acetylene Gas Lights Are Best of All

For Economy Convenience and Brilliancy.

The Light that Does not "Come and Go" nor "Rise and Fall"
But is always Steady and Cheapest next to Daylight only.

The Hawkins' Acetylene Gas Generator

Is the BEST and SAFEST of any on the market. This Generator is now being introduced in Powell, Estill and Lee counties by me who will be pleased to explain the advantages of a Private Gas Plant for Lighting, Cooking, Ironing Etc., and the excellency of the HAWKINS' PATENTED GENERATOR for producing this gas from Carbide of Limestone which makes SUPERIOR LIGHTING cheaper than coal oil lamps. Can sell and install complete for one-fourth the cost of small electric outfits. Then you have the convenience of gas for summer cooking

While introducing this light in the above mentioned counties, will have headquarters in Clay City, and will be pleased to have you look me up if you are thinking of having an improved Lighting system installed in your home, business house, office or church. Inquire for me at the Company Store or at the Times office where our plants have been sold.

Yours for Better Lights in Every Home.

Pepto-Mangan Produces Better
Blood—Sold in Liquid
and Tablet Form.

Get into the red-blooded class if you are not there now. Take a few weeks' course of that splendid tonic—Pepto-Mangan and note how you improve in health and looks. Pepto-Mangan is a red-blood maker and is for sale at the drug store right near your home. It is put up in both liquid and tablet form. Take which you choose, but see that the name "Gude" is on the package. Without "Gude" it is not Pepto-Mangan.

Is the cry everywhere—"Wanted—Red-Blooded Men." The soldiers and sailors that won the war were red-blooded, two fisted fellows. In business it is the red-blooded men that stands the strain and wins the big successes. The world has no place for the thin-blooded weakling. It is natural, too, that red-blooded men and women should have more friends, and they do. They are better human beings than the thin-blooded anemics, who are likely to be "gronchy" and irritable most of the time.

ROSSLYN.

Co-Operative Produce Marketing

Co-operative marketing is the only plan that will INSURE you the BEST MARKET for your PRODUCE

But that co-operation must be between yourself and one that has access to all the markets—one that knows where to market your stuff, and Just how much it is worth.

I receive daily quotations from all the principal markets of the country, and watch the price changes from day to day. I have trading accounts with the best firms in the country, and can guarantee you the Top Price at all times for every dollar's worth of stuff you bring me.

Marketing Produce is Our Business

Am in the market for all your produce CHICKENS, EGGS, HIDES—any and every product of the farm. Bring your Poduce to the one that pays you CASH and always the HIGHEST PRICES.

Will save you money on Flour, Provisions and Feed. Let me show you a Range at \$55.00 that will cost you one-third more elsewhere.

Geo. S. Ware.

VAUGHN'S MILL.

G. W. Bush was a court day visitor at Irvine Monday.

Goebel Bush is convalescing from an attack of red measles.

Joe Clark and Winfred Davis were at Stanton Monday on special business.

Ye penman purchased from W. J. Curtis Monday a splendid milk cow for \$56.00.

Tobacco growers here are showing the weed across the table to get their crops in shape for early market.

Willie Todd sold to Stann Barber last week one big fat hog at 15 cents per pound. He still has another one for sale.

H. M. Curtis and family are pleasantly located again at their old homestead, enjoying farm life once more among the sunny slopes and gentle breezes.

Brilla, the second child of S. A. Easter, was severely burned on Wednesday last by falling into an open fire place. Dr. Irvin was immediately summoned to dress the wounds and upon his advice the father of the child was called from the oil field by telegram. The burns were at first believed would prove fatal, but at present the patient is resting well and will recover.

J. M. Feltner, Government Farm Demonstrator, of London, in company with County Agent Harrison and Superintendent of Schools Dudley Coudell, were here Friday with a moving picture outfit and views pertaining to farm life, gave a nice, free show and lecture in connection. To those present the slides were very instructive as well as educational to both old and young.

SPOUT SPRING

H. F. Christopher made a business trip to Torrent Thursday.

Our merchants have received their line of Christmas goods.

W. L. Byrd sold to Jordan Barnett five nice yearling heifers at \$35 per head.

I G. Jackson, of Danville, is spending a few days with his sister, Mrs. Asa Barnett.

Berry Hall sold one fat hog, weighing about 250 pounds, to Clay City parties at 13 cents per pound.

Rankin Barnett bought of W. L. Byrd seven calves for \$105. He also purchased one nice Hereford bull for \$55.

I. N. Osborne, of Clark county, bought two yearling steers last week from W. G. Patrick for \$99.00 and one sucking calf for \$20.00.

Vernon Christopher took a load of tobacco to the Winchester market where it was sold Monday. He had 1,365 pounds which brought him about an average of fifty cents per pound.

Inquires After Relatives.

North Manchester, Ind.
November 29th, 1919.

Dear Mr. Burgher:

I am inclosing one dollar for a year's subscription to your paper.

I have lost track of all my people. It may be I can find some of the Reynolds. Are there any people by those names there? Joe Reynolds, Will Reynolds, Jim Reynolds, Thos. Reynolds. Please give me their addresses. I surely will be thankful to you.
From Julia Reynolds.

The Honest Farmer?

Two piles of apples lay on the ground. One contained a large-sized and rosy selection; the fruit of the other was green and small.

"Large on the top, sir, and small at the bottom?" inquired the new assistant of his master, as he prepared to fill a barrel.

"Certainly not!" replied the farmer, virtuously. "Honesty is the best policy, my boy. Put the little apples at the top, and the large ones at the bottom."

The assistant complied. His master was evidently as green as his greenest fruit.

"Is the barrel full, my lad?" asked the farmer.

"Yes," answered the assistant.

"Good," said the farmer. "Now turn it upside down and label it!"

Certainly So

The home curing of pork, says the United States Department of Agriculture, is a good practice and should be more extensively adopted.

Hardwick & Co., Stanton

Strike Ended

The coal strike is ended after the companies succeeded in boosting the price up to unheard prices. They know how to make the people buy. Threaten a shortage. Then everybody wants coal all at once at any kind of a high price

They Doubtless Will

"I'm in doubt about the wisdom of arresting the food-profit-eers."

"Why? I should think you'd want them punished."

"It may be all right to punish them, but as a consumer I'm afraid they'll raise prices again to get money to pay their fines."

Small Farm for Sale

Located one-half mile from Waltersville containing 56 acres white oak land. Improvements consist of dwelling of four rooms, tenant house, barn and other necessary outbuildings. Splendid spring and otherwise well watered. One good orchard now bearing and two younger orchards. Two splendid gardens. Place all well fenced.
R. W. Thomas,
Waltersville Ky.

Don't Shoot

DON'T hunt off your own land without license.

DON'T shoot without this year's hunting license.

DON'T shoot doves before September 1, nor after October 15.

DON'T kill more than 15 doves in one day.

DON'T shoot quail before November 15, nor after January 1.

DON'T kill more than twelve quails in one day.

DON'T shoot squirrel before July 1, nor after December 15.

DON'T kill English or native pheasants, wild turkey or woodcock.

DON'T buy or sell quail at any time.

DON'T shoot, buy or sell rabbits before November 15

DON'T wait until November 15 to buy your hunter's license. DO IT NOW.

DON'T kill all the quail in a covey—leave some for seed.

DON'T forget to feed the birds during the winter.

DON'T fail to notify your local Ward-en or this department of those who violate the law.

A fellow who hunts without a license is a Cheater—See that he obeys the law.
